

FULL-DAY SYMPOSIUM ON AIR BARRIER AND BUILDING ENCLOSURE EDUCATION

Des Moines, IA

*Presented by
the Air Barrier Association of America in
collaboration with BEC Iowa*

Join us for a day of expert-led education featuring leading voices in building enclosures and air barriers. ABAA is proud to partner with BEC Iowa for this high-level event covering topics such as:

- Building Envelope Guidelines for Mass Timber
- Achieving a High-Performance Air Barrier System
- Are You (and Your Building) Covered?
- The Evolving Landscape of Commercial Energy Efficiency: Understanding & Applying New Codes
- The Big Disconnect: Roof to Wall Connections for Your Air Barrier
- Addressing Condensation in Low-Slope Roof Assemblies

Presenters:

Pamela Jergenson, FCSI, Technical Director of Building Science Solutions, Intertek

Denali Jones, PE, Technical Director, Air Barrier Association of America

Keith Simon, FAIA, VP, Design Phase Services, Salas O'Brien

Scott Wood, Principal, SWA Consulting
